

# CBS CODES:

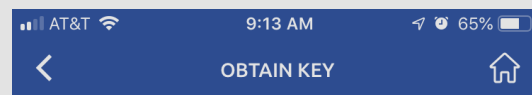

## INPUTING CBS CODE TO OPEN A KEYBOX

Supra E-Key holders with affiliate status (Pest Control Specialists or Home Inspectors) must now have an individual CBS code in addition to their pin number to access Supra keyboxes. CBS Codes are issued by the listing agent. This is what your Supra E-Key will look like when prompted for a CBS code.

**Step 2:** Enter in your pin code for your E-Key and the CBS code for the keybox you are opening. You will have to call the listing agent to obtain the CBS code. Your keybox will open as usual once entered.

**Step 1:** Select Obtain Key. Be sure the bluetooth on your smartphone is turned on and the bluetooth on the keybox is activated by pushing up on the bottom of the box.
