

CBS CODES:

HOW TO ISSUE CALL BEFORE SHOWING CODES TO AFFILIATE MEMBERS (PEST CONTROL AND HOME INSPECTORS)

Supra E-Key holders with affiliate status (Pest Control Specialists or Home Inspectors) must now have an individual CBS code addition in to their pin number to access Supra keyboxes. You can find this code to give to affiliates quickly in your app.

Step 4: View CBS Code located near the bottom of the page.

****Please note:** Do not select "require CBS code" as this will require all REALTORS® opening this keybox to call for a CBS code. Affiliate members are automatically prompted to enter the code without you selecting require. Do NOT put CBS codes in listing notes in the MLS.

Step 1: Click on "My Keyboxes" in the top left corner. **Step 2:** Select the serial number of the keybox you need the CBS code for in the list. **Step 3:** Select Program Keybox. **Note:** It will be easiest to identify keyboxes if you have them assigned to your listings.
